2018 Schedule

A Happy New Year to you all! Thank you for your dedicated training through the year 2017. Hope your New Year is filled with success, health, prosperity, happiness and lots of Aikido training!

As I was thinking about the new year's guiding principle of our dojo to make 2018 a wonderful year, I saw a symbol of Samurai *Mitsunari Ishida* in which he designed to express his ideal in how to govern a country. It is combined with six Chinese characters (simply translated as big, one, big, million, big happiness,) and it means "If one devotes oneself to everyone and if everyone devotes themselves to one, everyone can be satisfied and happy."

I understand this as if each and every one tries their best to help and support each other at the dojo, at home, at work or in public, and between husband and wife or within family, everyone can live a satisfying happy life. Well, we shall cultivate our Aikido skills and our minds through the coming year.

Please check the 2018 Dojo Calendar below to plan ahead and mark your diary for setting your goals through the new year.

Osu!
