2016 Schedule

A Happy New Year to you all! I believe everyone is enjoying or has enjoyed this festive season. Well, the beginning of a new year is always the time to make a resolution or set a goal. I usually plan how to train my body towards the annual demo at this time of the year. The demo was always scheduled in August until last year but it will be moved to October from this year onwards, due to avoiding the sick season. I feel it is little difficult to keep my focus until October to enable the best performance then, but I also realise that I have more time to improve my level. Students have grading tests to have a shorter goals at a time to progress your Aikido skills, and you shall be ready to demonstrate your best Aikido in October. So, please check the 2016 Dojo Calendar below to plan ahead and mark your diary for setting your goals through the new year. Osu!
